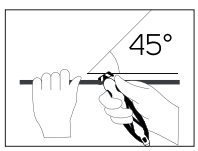
Cutting Safety

45° ANGLE
LESS FORCE = EASIER WORK = LESS RISK OF INJURY

- Always cut in a 45° angle for an easier and safer cutting experience
- When cutting corrugated cardboard, tilt the knife slightly sideways to reduce necessary force
- Ensure that films and tapes are always taught before cutting them, the blade will cut your material better



Signs of Wear & Tear

- Worn, gouged or chipped guard
- Worn tip
- Worn, dull or chipped blade
- Requires more force to cut
- Creates jagged cuts

Klever EcoKutter

Recycled Safety Concealed Cutter
Dual Sided Fixed Head

KLEVER ECOKUTTER

75% pre-consumer recycled plastic handle

The Original KLEVER KUTTER is now eco-friendly with the **KLEVER ECOKUTTER.** Featuring a handle **made from 75% pre-consumer recycled plastic** makes this an ideal solution to support your company's sustainability objectives. This dual sided, concealed blade safety cutter reduces cut injuries and prevents damaged goods, offers 2x the usage, and brings new life to pre-consumer plastic waste. The **KLEVER ECOKUTTER** has a high-quality carbon steel blade to offer the same strength and durability as the original KLEVER KUTTER, is disposable and comes with a practical eyelet for lanyard fastening or hanging.

Features & Benefits

- **Handle made from 75% pre-consumer recycled plastic**
- HIGHEST SAFETY LEVEL - Recessed blade reduces cut injuries and damaged goods
- Dual blades for double the usage
- Suitable for left and right hand use
- Cuts cardboard, strapping, tape, film & more
- Compact & convenient, with high quality carbon steel German blade
- Custom logo printing
- Disposable, no replacement blade
- Two cutting areas
- Made in USA
