

Customer Case Study

# The Pool Tile Company

Partnering with Signet since the opening of their business in 2002, The Pool Tile Company uses Signet's secure packaging solutions to achieve a 98% damage-free delivery rate, with packaging alternatives catering to every order.

Over the past 23 years, The Pool Tile Company has grown to become one of Australia's largest suppliers of pool and outdoor tiles, coping, pavers, and more. They send orders all over Australia from their two warehouses and service their customers through two beautiful showrooms, as well as an expanding fleet of mobile showrooms on the East Coast.

Priding themselves on their high-quality products, paired with innovative thinking and good old-fashioned service, the team at The Pool Tile Company needed to ensure that their tiles could be safely packed to ship around Australia without the risk of breakages or theft in transit.

"We sell our products directly to consumers, as well as to our wholesale suppliers. This means that we deal with a huge variety of orders in varying shapes

and sizes. Therefore, we needed to source a packaging supplier that, regardless of what order came in, would have exactly what we needed to ensure our tiles arrived to our customers in perfect condition." Tim Roff – The Pool Tile Company, Warehouse Manager.

Already familiar with Signet's reputation in the packaging industry, The Pool Tile Company partnered with Signet to help achieve their goal of safely delivering tiles to customers across Australia.

"We've had fantastic results with our packaging from the very beginning. Tiles are extremely fragile and require lots of care in packing and transit. Using many of the same packaging solutions since we began sourcing from Signet, we've been able to achieve (and maintain) a 98% damage-free delivery rate on our orders! The remaining 2% of damages have only ever been related to external factors, like incorrect stacking or forklift loading."

For palletised stock, The Pool Tile team use Polyfoam, a lightweight packing material that is water resistant and 100% recyclable. They then use **PET Strapping**,

a safer alternative to steel strapping that is made from post-consumer waste, to restrain tiles to pallets. Once the pallet is stacked, the team use Black or Clear Pallet Wrap to keep the product discreet and protect it from the weather.

"In addition to protecting our stock from weather, we've had a 0% theft rate by using Signet's Black Pallet Wrap which helps conceal the contents of any pallets that we know might be required to stay stacked out on site for longer periods."

Signet has been proud to support The Pool Tile team for over 20 years and provide them with packaging solutions to safely deliver their products in perfect condition.

"Overall, Signet is an extremely reliable supplier, their quality of goods, level of customer service, and the reliability of orders being delivered in full, and in a short time frame, makes them our go-to for packaging solutions."

Signet is proud to support The Pool Tile Company and over 60,000 Aussie ventures.

Steel Strap Ribbon Dispenser

Item No. 33971

- Steel strap ribbon dispenser enables easy unwinding for efficient and safe warehouse workflows
- Neatly stores straps and seals, reducing clutter and hazards on-site
- Suitable for strapping ranging from 12mm to 19mm

\$215<sup>45</sup>  
Each

A Guide to Tools & Strapping

Did you know there are 4 key types of strapping?

- Steel Strapping
- Polyester Strapping
- Polypropylene Strapping
- Poly-Woven Strapping

To learn more about the different applications and tools best suited for each strapping type, scan the code to visit our online guide:

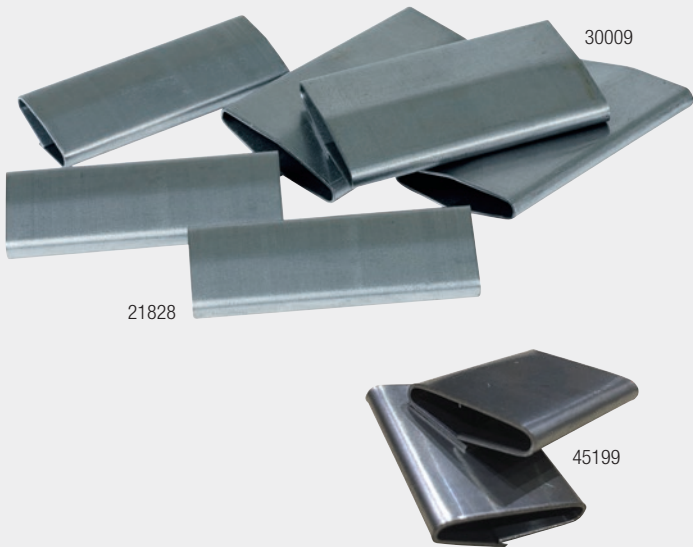

[signet.net.au/strappingguide](https://signet.net.au/strappingguide)

Heavy Duty Pusher Seals

- Heavy Duty Pusher Seals are durable and ideal for semi-high tensile strapping in heavy duty applications
- With solid construction and stability, these pusher seals provide unmatched security and strength for securely fastened straps
- Push sides in for a secure seal with heavy duty crimper

PRICE PER CARTON					SAVE 7.5%
Item No.	Description	Size	Carton Qty	1+ Cartons	3+ Cartons
45199	Heavy Duty Pusher Seals (Short)	19mm	1000	\$60.18	\$55.67

30009	Heavy Duty Pusher Seals	32mm	500	\$103.29	\$95.54

Heavy Duty Steel Strapping Tools

- Heavy Duty Strapping Tools are perfect for for high-tensile strapping applications
- The ergonomic handle offers a comfortable, non-slip grip, while the tool's weight ensures optimal strapping tension and crimping
- Suitable for 19mm strapping

Item No.	Description	Size	Price Each
21826	MIP Heavy Duty Strapping Tensioner	19–32mm	\$1,056.24
21827	MIP Heavy Duty Steel Crimper	19mm	\$969.07

Oscillated Steel Strapping Dispenser

Item No. 10891

- Designed to securely store and safely dispense heavy-duty oscillated wound strapping
- The mobile dispenser prevents tangling and includes a handy bin for seals and tools
- Suitable for 12mm–15mm PET Strapping
- Can be used with Oscillated Steel Strapping (Item No. 11001 and Item No. 10964) and PET strapping in all sizes (see page 139)

\$459<sup>34</sup>  
Each

Semi-High Tensile Steel Strapping

- Designed for maximum strength and shock resistance, making securing heavy loads effortless
- Approximately weighted at 45kg per coil, 15 coils per skid (675kg average skid weight)
- Item No. 33977 is sold in a skid of 2 coils
- For optimal results, use with appropriately sized metal strapping seals

PRICE PER KG / PRICE PER COIL

11001	Oscillated Steel Strapping	19mm	800kg	0.50mm	2 coils	\$212.46

PET & PP Battery Combination Strap Tool

Innovative technology

- Patented brushless motor design extends the life of the tool
- Compatible with Bosch's 18V 4.0Ah Li-ion battery, which charges in just 30 minutes
- Automatic, battery powered Combination Strap Tool (highest battery capacity 4.0Ah (4000mAh))

Powerful and speedy

- Patented new gripper design enables high tension and strap quality tolerance
- Single-handed operation performs automatic tensioning, welding and cutting

Smart and easy

- Pre-programmed digital touch panel
- Lightweight (3.4kg including battery)

Safety in mind

- Conforms to CE safety directive and meets RoHS requirements
- Li-ion battery complies with UN38.3 safety requirements

Spare battery included!

Item No.	Description	Size	Price Each
10971	PET & PP Battery Combination Strap Tool	12mm–16mm	\$4,031.17
10972	PET & PP Battery Combination Strap Tool	16mm–19mm	\$4,030.70
10978	Bosch Charger + 18V Battery	–	\$305.93
10979	Bosch 18V 4.0Ah Rechargeable Battery	–	\$219.87

**Please note:** Every care is taken that correct details are printed, however, Signet will not be held responsible for any errors or omissions. **Remarks:** Tension performance and sealing efficiency varies based on strap specification, quality, setting and remaining battery power. Pre-testing before operation is required.

Polyester Strapping (PET)

- Extra strong Polyester (PET) Strap is safe to apply and remove – no sharp edges
- Minimal 'creep' and 'relaxing' means strap tension is maintained as load settles or moves during transit and storage
- Manufactured from Post-Consumer Recycling (recycled PET bottles)
- Opaque green in colour – available in smooth or embossed

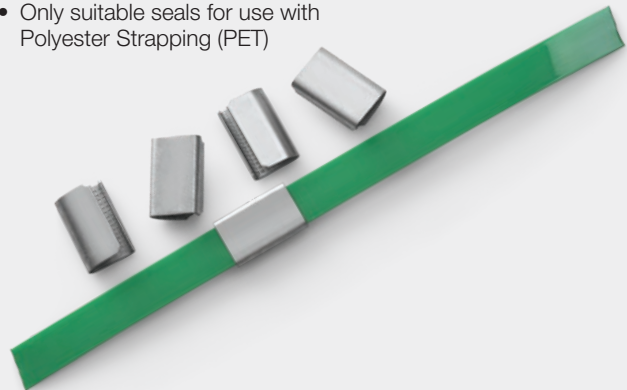

PRICE PER ROLL

SAVE 10%

Item No.	Description	Size	Minimum Break Load	Thickness	1+ Rolls	3+ Rolls
10726	Polyester Strapping – Embossed	12mm × 2500m	250kg	0.6mm	\$103.42	\$93.08

# VELCRO® Brand LOGISTRAP®

Secure and store your warehouse goods with a cost-effective alternative to traditional pallet wrap products.

## Benefits

- ➔ Sturdy materials and a metal buckle provides 1059 N of resistance.
- ➔ Increase productivity and lower costs with a simple tool-free setup.
- ➔ Reduce the risk of injuries in the workplace with highly-visible colours.
- ➔ Avoid damage to your goods with soft VELCRO® Brand Hook and Loop.
- ➔ Reduce waste with a reusable and environmentally-friendly design.
